

FURBEARERS

The following animals are classified as furbearers: beaver, bobcat, coyote, gray fox, mink, muskrat, nutria, opossum, river otter, red fox, raccoon and skunk.

2005-2006 SEASON

The trapping season will open STATEWIDE on November 20, 2005, and will close March 31, 2006.

Trapping season on management areas (See management areas.)

LICENSES REQUIRED

Trapper: No person shall set or run traps of any type to catch furbearers during the open trapping season without a current trapping license. No person shall sell pelts or carcasses of furbearers without a current trapping license. (This includes bobcat, raccoon and/or opossum hunters selling pelts and/or meat.) Every fur trapper must at all times have his current trapping license in possession while trapping or selling pelts or carcasses.

Fur Buyer: No person shall buy whole nongame quadrupeds for the purpose of pelting, carcasses of furbearing animals, raw furs or skins from fur trappers, alligator hunters, alligator farmers, fur buyers or fur dealers and sell within the state without a current fur buyer's license in his possession while conducting business.

Fur Dealer: No person shall buy whole nongame quadrupeds for the purpose of pelting, carcasses of furbearing animals, raw furs or skins from fur trappers, alligator hunters, alligator farmers, fur buyers or fur dealers and ship or export these furs or skins from the state without a current fur dealer's license in his possession while conducting business.

METHODS OF TAKING FURBEARERS

All animals listed as furbearers may be taken only during the open trapping season and only by means of a trap or snare.

Nutria may also be taken by licensed trapper for fur and/or meat during the open season by the use of a rifle, only between the hours of sunrise and sunset.

On WMAs and private property, nutria may be taken recreationally by licensed hunters from September 1-February 28, during legal shooting hours by any legal hunting method with a daily limit of five (5). When taken with a shotgun, steel shot must be used. On WMAs during waterfowl seasons, nutria may be taken only by the use of shotguns with shot not larger than F steel; during gun deer seasons on WMA's, anyone taking nutria must display 400 square inches of "Hunter Orange" and wear a "Hunter Orange" cap or hat. Recreational nutria hunters must remove each nutria carcass in whole condition from the hunting area, except that nutria may be gutted. Possession of detached nutria parts, including nutria tails, by recreational hunters is illegal. Nutria harvested recreationally may not be pelted nor may such nutria or any nutria parts from recreationally taken nutria be sold, including the tail. Trespassing upon private property for the purpose of taking nutria or other fur bearing animals is punishable by fines and possible jail time (R.S. 56.265). The Coastwide Nutria Control Program is a separate program and is in no way related to the nutria recreational season. For questions on the Coastwide Nutria Control Program call the New Iberia office (337)373-0032.

No trap, snare or other device used to capture furbearers shall be set more than one day prior to the open trapping season. No traps shall remain set after the closing day of the trapping season. All traps must be checked daily and all traps must be removed from the trapping grounds the closing day of the trapping season.

Any type of trap with permanent teeth or insert teeth is illegal and cannot be used in Louisiana.

Furbearers can be taken only with traps. Firearms are illegal except as provided for to take nutria, coyote, bobcat, raccoon and opossum, which may be taken with firearms as per provisions below.

The use of dogs to chase or take furbearers is illegal except as provided for when hunting raccoon, opossum, coyote, foxes and bobcats. Dogs may be used during the taking of nutria between the hours of sunrise and sunset, except during deer season where still hunting only is allowed and during turkey nesting season as determined by the Commission.

Pelting: No pelting during the closed trapping season shall be permitted at any time, except with department authorization. The sale of carcasses of nongame quadrupeds is prohibited during the closed trapping season, except with department authorization. These provisions do not apply to nongame quadrupeds raised on farms.

FOX, BOBCAT AND COYOTE

Foxes and bobcats may be run with dogs for “chase only” by licensed hunters. Foxes can be taken only by trappers during the open trapping season. Bobcats can be taken by any legal means during the open deer season. The bobcat season limit shall be one. Bobcats cannot be pelted or sold without a trapping license. Holders of hunting licenses may take coyotes year round during legal daylight shooting hours. The running of coyotes with dogs is prohibited in all turkey hunting areas during the open turkey season. Coyote hunting is restricted to chase only during still hunting segments of the firearm season for deer.

RACCOON AND OPOSSUM HUNTING
NO CLOSED SEASON

Raccoon and opossum can be taken at night by one or more licensed hunters with one or more dogs and one .22 rimfire rifle. A licensed hunter may take raccoon or opossum with .22 rimfire or shotgun during daylight hours during the open rabbit season. Hunting from boats or motor vehicles is prohibited. No bag limit for nighttime or daytime raccoon or opossum hunting during the open trapping season except on certain WMAs as listed. The remainder of the year, raccoon and opossum bag limit for daytime or nighttime is one per person per day or night. No one who hunts raccoons or opossums as prescribed

above shall pelt or sell skins or carcasses of raccoons and opossums taken during the open trapping season unless he is the holder of a valid trapper's license which shall be required in addition to his basic hunting license.

BOBCAT AND RIVER OTTER
TAGGING REQUIREMENTS

To obtain federal approval to export bobcat and river otter outside the United States, the Louisiana Department of Wildlife and Fisheries is required to ensure that only Louisiana trapped river otter and bobcat are tagged with Louisiana export tags. To accomplish this, a special possession tag will be made available to fur buyers, fur dealers and trappers.

A blue tag for river otter and a red tag for bobcat must be filled out by the trapper at the time the pelt is first sold. The information required includes trapper name, trapper license number, parish caught in and date trapped. No bobcat or river otter pelts shall be purchased from a trapper or be in the possession of a fur buyer or dealer without a possession tag until they are submitted to the department in exchange for export tags. Dealers shall not purchase bobcat or river otter pelts without an accompanying possession tag.

No bobcat or river otter pelt shall be shipped from the state without an export tag attached. Dealers will obtain export tags for bobcat and river otter by providing the department with one completed possession tag for each pelt to be shipped from the state. It shall be illegal to falsify possession tags or attach Louisiana export tags to out-of-state bobcat or river otter pelts. Once possession tags have been received and counted by department personnel, export tags will be mailed immediately. Trappers shipping bobcat or river otter out of state must provide completed possession tags to the department in order to receive export tags.

SHIPMENT OF
RAW FURS OR ALLIGATOR SKINS

No fur trapper, alligator hunter, or fur dealer shall transport or ship raw furs or alligator skins out of the state without first obtaining an official out-of-state shipping tag from the department.

No fur buyer may transport or ship raw fur or skins out of the state except to a licensed non-resident fur dealer.

Severance Tax: There is levied a severance tax on all skins or hides taken from any furbearing animals or alligators, within the state, payable to the state through the department by the fur trapper, alligator hunter, or alligator farmer shipping or taking his own catch out-of-state or by the dealer shipping skins or hides out-of-state or tanning fur pelts or alligator skins in the state. A fur trapper, alligator hunter, or alligator farmer must pay this tax at the time the fur or skin is transported or shipped out-of-state. A fur dealer shipping or transporting fur pelts out-of-state or tanning fur pelts within the state must pay this tax within ten days following the department's annual audit. A fur dealer shipping or transporting alligator skins out-of-state or tanning alligator skins within the state must pay the severance tax at the time of shipment or prior to tanning.

The tax is as follows: beaver, bobcat, coyote, fox, muskrat, opossum, raccoon and skunk, one cent (.01) on each pelt; mink, ten cents (.10) on each pelt; nutria, two cents (.02) on each pelt; river otter and alligator, twenty-five cents (.25) on each pelt or skin.

WILDLIFE MANAGEMENT AREAS

Trapping: Permits to take furbearers from WMAs may be obtained at regional offices when required. Self-clearing permit for trapping on the WMA is required. Other special trapping exceptions are listed under respective WMA season schedules. All traps must be run daily. Traps with teeth are illegal. On WMAs where permits are required, each trapper must submit an annual trapping report to the regional office where his permit was obtained. Non-compliance will result in forfeiture of trapping privileges on WMAs. Permits may be obtained only

between hours of 8 a.m. and 4:30 p.m. on normal working days at regional offices. Hunter orange is required when a deer gun season is in progress.

Raccoon Hunting (Experimental): Raccoon hunters with dogs must submit an annual report of their kill to the regional office for WMAs where permits are required. Self-clearing permit for raccoon hunting on the WMA is required. Non-compliance will result in forfeiture of hunting privileges on WMAs. A licensed hunter may take raccoon or opossum, one per person, during daylight hours only, during the open rabbit season on WMAs. No bag limit for nighttime or daytime raccoon or opossum hunting during the open trapping season except on certain WMAs as listed. Permits, when required, may be obtained at regional offices only between the hours of 8 a.m. and 4:30 p.m. on normal working days.

TRAPPERS, ALLIGATOR & RACCOON HUNTERS

When you purchase a \$25 trapping or alligator hunting license, you are investing in your future and the future of the Louisiana fur and alligator industry. Twenty dollars from every trapping and alligator hunting license is dedicated to a special fund. This fund is being used to achieve two major goals:

- I. To provide for PUBLIC EDUCATION concerning the role of trapping and hunting in wildlife management.
- II. To develop FUR AND ALLIGATOR MARKET STABILITY AND ENHANCEMENT through promotion and advertisement.

An 11-person council made up of trappers, alligator hunters and farmers, and land managers meets monthly with the Louisiana Department of Wildlife and Fisheries to ensure the wise use of these funds.

The Fur and Alligator Advisory Council works to improve the future for fur and alligator resources, trappers, alligator hunters and farmers and the industry. For more information contact the Louisiana Fur and Alligator Advisory Council, 2415 Darnall Road, New Iberia, LA 70560.
